## WATER HEATER REBATE APPLICATION QUALIFICATIONS

#### WATER HEATER ELIGIBILITY CRITERIA

- Must be a member of the cooperative
- The energy efficiency rating of the new unit must meet Department of Energy (DOE) standards at the time of manufacture.
- If the new unit replaces an old unit, the efficiency rating of the old electric unit must be less than 0.9
- Tankless water heaters are **NOT** eligible for this program
- Gas water heaters are **NOT** eligible for this program
- Heat pump water heaters are eligible for this program
- Limit of up to two (2) per member address/location
- Rebates are available for existing and new homes
- Rebate applies only to 40 gallon or larger electric water heating units.
- Replacing a gas water heater with an electric water heater is eligible for a rebate.

#### ROOM AIR CONDITIONER ELIGIBILITY CRITERIA

- Must be a member of the cooperative
- · Cooperative must verify an ENERGY STAR rated room air conditioning unit is purchased
- Limit of one (1) rebate per member address/location
- The rebate will apply for the purchase of one new ENERGY STAR rated unit or for the replacement of an existing unit
- · Rebates are available for existing and new homes

### **DISCLAIMER**

The Cooperative is not responsible if your contractor, retailer, builder or other party provides you with inaccurate information about the amount or conditions of the actual rebate. The Cooperative will not rebate equipment that has been mislabeled, misrepresented or previously owned. The Cooperative reserves the right to inspect the equipment and its installation at the address indicated on the front of this application. The Cooperative is not responsible for any lost, late, stolen, ineligible, misdirected or postage due mail. All completed applications will become the property of the Cooperative. Rebate qualifications and amounts are subject to change at the Cooperative's discretion and the program may end at any time without notice.
